

DIVERSION CLAUSE

“These commodities are authorized by the U.S. Government for export only to (fill in country of ultimate destination) for use by (fill in end user). They may not be transferred, transshipped on a non-continuous voyage, or otherwise be disposed of in any other country, either in their original form or after being incorporated into other end-items, without the prior written approval of the U.S. Department of State.

22 CFR 123.9

(b)”

This statement needs to be added to our packing slips and invoices whenever we ship goods requiring an export license from the State Department. When this statement is used we need to delete the statement referencing the EAR. The EAR diversion clause should remain on all export documents that do not require a license from the D of S.
